

Community support

Community Living Victoria's work would not be possible without the generous support of hundreds of individuals and businesses. Community Living Victoria receives its core funding from Community Living BC. Other sources of funding have included the United Way of Greater Victoria, Ronald McDonald House Charities, the Heart of Variety Fund, the Queen Alexandra Foundation for Children, the Victoria Foundation and the Community Living Victoria Foundation.

Planned Giving
An enduring gift

Who we are

The Community Living Victoria Foundation was established in 1995 to raise funds and awareness that benefit the children, adults and families supported by Community Living Victoria.

Community Living Victoria

Community Living Victoria supports people with developmental disabilities together with their families and support networks by promoting their full citizenship and inclusion in the community so that they can lead active and rewarding lives, both now and in the future.

As the largest non-profit community living service provider on Vancouver Island, Community Living Victoria provides a range of support services to children and adults with developmental disabilities and their families.

Community Living Victoria Foundation

The Community Living Victoria Foundation, an independent, registered charitable organization with its own board of directors, provides for funding opportunities through charitable donations, special events and planned gifts. Planned gifts include a variety of choices designed to serve our donors, the Foundation and its beneficiaries.

What is a planned gift?

It is the forethought given to gifts made that could benefit the Foundation as well as your own financial picture. Planned giving can be an important part of your overall financial and estate planning, as it provides valuable tax savings today or for your estate tomorrow.

What kinds of gifts are there?

A planned gift can take the form of cash (annually or as a one-time bequest), in-kind gifts (needed equipment, art, books, artifacts, etc.), securities (stocks, bonds and mutual funds), life insurance, other insurance products and real estate.
